

# Alot in My Head

## Buck-O-Nine

Got a problem with confrontation  
There's too much on my mind  
I feel my shoulders getting seriously heavy  
And now my patience has died I got a lot on my head  
Got a lot on my head  
Got a lot on my head  
I'm wondering will it ever end? Well, I can taste the tension getting inside me  
Felt it now for a week  
All the travelling's got me tired and angsty  
Got to get me some sleep Got a lot on my head  
Got a lot on my head  
I got a lot on my head  
I'm wondering will it ever end? Started drinkin' 'bout a quarter to three  
I thought it would help with stress  
I started thinking about the problems that be  
And now my head is a mess Got a lot on my head  
Got a lot on my head  
Got a lot on my head  
I'm wondering will it ever end? Got a lot on my head  
Got a lot on my head  
Got a lot on my head  
I'm wondering will it ever end? Gotta lot in my, I gotta lot in my  
Gotta lot in my, I gotta lot in my  
Gotta lot in my, I gotta lot in my  
I got a lot on my head, yeah
