

# Let It Live

## Fuzz

So you got me on the ringer talkin'  
I'm standing here all alone  
Feel your voice touch my fingertips  
Diggin' for my bonesHear it  
Listen to it walk away  
Hear it  
Listen to it walk awayWatchin' all the people walkin'  
I wonder if they feel alone  
See their feet touch the emptiness  
I can't hear it at allHear it  
Listen to it walk away  
Hear it  
Listen to it walk away
