Watcher In the Sky

Iron Savior

I'm watching the mountains
I'm watching the sea
Observing the creatures
I am lost - set me free!
Across the heavens I made my way
I've seen empires rise and blown away
I have arrived my destiny
But after all there's just emptiness in me
Out in the darkness - I am going mad
Where are the others - there's silence in my head
'Cause I'm a watcher in the sky
I've seen universes die
Out in the cold my systems overload
I'm here and lost in time
Watcher in the sky - sky
I am trapped in this nightmare
Endless tortures and pain
Millenniums have gone by
Uhhh, it drives me insane!
Who am I now?
I'm not a man - I'm not machine
I gave my life for it for the Iron Savior dream
'Cause I'm a watcher in the sky...
Hooked - hooked to the circuits
Of a lifeless, cold machine
Lost in a world of artificial means
Ripped - ripped out of my body
I'll stand the test of time
Am I perpetual - Am I devine?
I'm the watcher in the sky
My soul has drowned
In the tears I cannot cry
I'm the watcher the chosen one
But I am lost in time
I'm the watcher in the sky
I've seen the years gone by
I am the chosen one
Out in the cold my systems overload
I'm here and lost in time

Watcher in the sky - sky
Watching the mountains
Watching the sea
Watching the creatures
You'll never be free
Watcher in the sky - sky
