I Will Be Here For You

Michael W. Smith

When you feel the unlight fade into the cold night
Don't know where to turn, I don't know where to turn
And all the dreams you're dreaming seem to lose their meaning
Let me in your world, baby, let me in your worldAll you need is someone you can hold
Don't be sad, you're not aloneI will be here for you
Somewhere in the night, somewhere in the night
I'll shine a light for you
Somewhere in the night, I'll be standing by
I will be here for youIn this world of strangers, of cold and friendly faces
Someone you can trust, there's someone you can trust
I will be your shelter, I'll give you my shoulder
Just reach out for my love, reach out for my loveCall my name and my heart will hear
I will be there, there's nothing to fearI will be here for you
Somewhere in the night, somewhere in the night
I'll shine a light for you
Somewhere in the night, I'll be standing by
I will be here for youI will be here for you
Somewhere in the night, somewhere in the night
I'll shine a light for you
Somewhere in the night, I'll be standing by
I will be here for youI will be here for you
Somewhere in the night, somewhere in the night
I'll shine a light for you
Somewhere in the night, I'll be standing by
I will be here for you, I will be here for you
