

# I'm Falling

Earl Klugh

Since I met you I've begun to feel so strange  
Every time I speak your name (that's funny)  
    You say that you are so helpless too  
That you don't know what to doEach night I pray there will never come a day  
    When you up and take your love away  
    Say you feel the same way too and I wonder what  
It is I feel for youCould it be I'm falling in love (witcha baby)  
    Could it be I'm falling in love (ooh)  
    Could it be I'm falling in love  
With you, with you with you, with youI don't need all those things that used to bring me joy  
    You made me such a happy boy  
And honey you'll always be the only one for me  
    Meeting you was my destiny  
    You can be sure I will never let you down  
    When you need me I will be around  
    And darling you'll always be the only one for me  
Heaven made you specially[Chorus]Each night I pray there will never come a day  
    When you up and take your love away  
    Say you feel the same way too and I wonder what  
It is I feel for you[Chorus]Could it be I'm falling in love
