Closure (feat. Szjerdene)

Lapalux

I never meant to bring you trouble
But there's no rainbow without the rain
I try to forget about it
All of the colours seem to stay
Talk now
Its over
I'm older
Can we?
Move on now
Get closure
Lets close our eyes
Can we?
Talk now
Its over
I'm older
Can we move on now?
Get closure
Lets close our eyes
You said better late than never baby
But there's one thing I won't understand
Ooh No No No No
What are you still afraid of?
Is it that everything is gonna change?
If life was this unstable
we have to go away
Can we?
Talk now
Its over
I'm older
Can we move on now?
Get closure
Lets close our eyes
Talk now
Its over
I'm older
Can we move on now?
Get closure
Lets close our eyes
