

Raise The Noise

Halloween

Since ages now we're caught and occupied
With our basic civil rights denied
They came to conquer, took our beloved world
We're left to thrive in sorrow and disgrace
Some never knew what freedom was
Now, there's guards everywhere
Someone come, rise up tomorrow to rectify
The injustice being done
Raise the noise, bring it on
I'll sing it while you're gone
Forever and ever
On with this for as long
There won't be another song
For now or whenever
Forever and ever
But they're flawed, they crave
The sound of our melodies
Though exposed to complex things just faint
This way they're rendered, helpless, easy prey
To be grabbed and bound safely locked away
Aldo, here's one guy to play the pipe
Summons mean tunes that kill
Stadium like set up and verified
Knock 'em out with your skill
Raise the noise, bring it on
I'll sing it while you're gone
Forever and ever
On with this for as long
There won't be another song
For now or whenever
Raise the noise, bring it on
I'll sing it while you're gone
Now and forever
On with this for as long
There won't be another song
Now or whenever, yeah
Raise the noise, bring it on
I'll sing it while you're gone
Now and forever
On with this for as long
There won't be another song
Now or whenever
Raise the noise, bring it on
I'll sing it while you're gone
Forever and ever
On with this for as long
There won't be another song
For now or whenever
Raise the noise, bring it on
Raise the noise, bring it on
Raise the noise, bring it on
Raise the noise, bring it on
