Mirah

Honey I don't want to treat you bad but I'm gonna leave you
don't you think it's best that you know now 'stead of waiting to see if I come around
so you won't be wasting itbut if you want to spend time with me now I can love you deeply
afternoons we'll spend them rolling round so nice and easy
make for me my dinner make me proud
you know how to feed me
and you know I won't be wasting itoooooh ooooooh oooooh ooooohyou showed me how the water works
it pushes it's way through the dirt
it finds the rocks and grinds them soft
it makes them move
the forces old have made me built to withstand what you do
see this rolling stone without a home slipping under youheeey nanananana

heeeywho's the best at breaking up honey
it's a skill I better be working on changing
but I'm not about to no no no no not with you
cause you know there's nothing wrong with me

it's not about what you don't have
or what I've been through
nobody's gonna teach me how to settle down it's true
why don't you just take what we got and see how we doheeey it's not about
heeey what it's not
