# Remember

## Ben Harper

Wont you remember the mocking bird my favorite bard
He used to sing for dinner
He used to sing bout supper alone
He used to sing so sweetly
But since my baby left me
He aint sung in two whole days

Oh remember the bluebirds and the honey bees
They used to sing for you and me
They used to sing about you and me
They used to sing so sweetly
But since my baby left me
They aint sung in two whole days

Wont you please come home
Come on home to me
Make your daddy as happy as can be

And if you would please come on home to me
I woul dkiss you for your dinner baby
Id kiss you for supper alone
If you dont come on back
You know i'll have to starve to death
Cuz i aint have your lovin all day

Oh remember
Would you remember
The blue birds and the honey bees
Singin sweetly for you and me

Oh the mockin bird my favorite bard
Oh wont you come home with me
Remember
