Same High

Uh Huh Her

As we shed a force come to keep me warm
Oh I cannot speak silence turns me on
Oh my eyes were close, I'm afraid to think I'm wrong
But the weakest hearts swallow in restraints
We're on the same high
It's a stereo
It's the same song
We're on the same high
Till we'll carry on
It's the same song
We're on the same high
We're wont come on down
It's the same song
We're on the same high
It will carry on
It's the same song
Oh the sweet reward dominates to pain
As each breath we take suffers just the same
Lost in the shiny void I'll be in someone
And I'll be only you feel the same as I did

And its .... to see beautiful
So do you see?
We're on the same high
We're on the same high
It's a stereo
It's the same song
We're on the same high
Till we'll carry on
It's the same song
We're on the same high
We're wont come on down
It's the same song
We're on the same high
It will carry on
It's the same song
Yee-ah, yeah, yeah
Yee-ah, yeah, yeah
(2x) yee-eah (high)

Yeah , yeah
