

# Illuminati (Pray for Me) [feat. Kalenna]

J Young

Illuminati (Pray For Me) I just bought a new bugatti  
It must be illuminati  
Tell em i said pray for me  
Somebody need to pray for me  
I just bought a new ferrari  
It must be illuminati  
Tell em i said pray for me  
Somebody need to pray for me  
Got three sixes like the devil  
My lou vuittons on the pedal  
I'm ridin thru the fuckin ghetto (yo hood)  
A thousand diamonds in my bezels  
They asking me if ima christian  
They think i joined a new religion  
Because a nigga true religion  
Is puttin all this fuckin money in my true religion  
You know these niggas dont like you  
When you ballin like michael  
The industry will Suge Knight you  
Killers in the streets wanna good night you  
The pastors stealin from the church  
I'm just giving you the verse  
I bought that bitch a gold purse  
And then I asked her what her soul worth  
I just bought a new bugatti  
It must be illuminati  
Tell em i said pray for me  
Somebody need to pray for me  
I just bought a new ferrari  
It must be illuminati  
Tell em i said pray for me  
Somebody need to pray for me  
I'm duckin all these paparazzis  
My body flooded in versace  
These niggas say I'm living cocky  
Between me and you i think they wanna tupac me  
Got jesus pieces like im biggie  
Get rich or die tryin 50  
Got dirty money like I'm diddy

Me and my niggas run the city  
They askin me if I'm a mason  
Or if I'm cool with pastor mason  
They think i left the congregation  
if it ain't bout no money fuck the conversation  
Jesus Christ that nigga nice  
Pussy and money is my only vice  
I told that bitch don't play with me  
Now get on ya knees and pray to me  
I just bought a new bugatti  
It must be illuminati  
Tell em i said pray for me  
Somebody need to pray for me  
I just bought a new ferrari  
It must be illuminati  
Tell em i said pray for me  
Somebody need to pray for me  
The devil is a liar, I always believe him  
VVSes on my wrist help me fight my demons  
Every sole on shoes scream the blood of jesus  
I say fuck you and ya bitch im illuminated  
My third eye is telling me to count every dime  
Muthafuckas hate to see a charlie bitch grind  
I know getting money is a sinner's curse  
And all you hoe niggas know T Vick gon count it first  
Jesus christ im in my zone (Hallelujah)  
When in rome nigga, act like you in rome nigga  
My nigga my nigga fuck no my soul aint for sale  
But listening to all of you broke niggas  
Sound like you already in hell  
Lucifer son of the morning  
I'm gonna chase you outta earth  
Lucifer son of the morning  
I'm gonna chase you outta earth  
I just bought a new bugatti  
It must be illuminati  
Tell em i said pray for me  
Somebody need to pray for me  
I just bought a new ferrari  
It must be illuminati  
Tell em i said pray for me
