

Linguaphone

Some people tell me, that you're not my kind  
 And I believe them, but I can't get you off my mind  
 Some people tell me that I should stay away  
 Maybe I will, some other day  
 'Cause it feels right, you know it feels good  
 And I don't know what to do what I should  
 And I know what makes me happy  
 And in my heart you are it exactly  
 I don't wanna do it, I just want you tonight  
 Not just only in my dreams, save my best behavior  
 For a little later, 'cause I'm only seventeen  
 Think I made my mind up, I got time to grow up  
 Face responsibility, livin' in the moment,  
 Keepin' my heart open, while I'm only seventeen  
 I'll learn my lessons, and I'll make mistakes  
 And if I get burned, it'll be my heart to break  
 It isn't easy, hearing what they say  
 Sometimes you've got to take a leap of faith  
 'Cause it feels right, yeah it feels good  
 And I'm not gonna do something stupid  
 Just this once I wanna feel like  
 I can do what I want when I hold tight  
 I don't wanna do it, I just want you tonight  
 Not just only in my dreams, save my best behavior  
 For a little later, 'cause I'm only seventeen  
 Think I made my mind up, I got time to grow up  
 Face responsibility, livin' in the moment,  
 Keepin' my heart open, while I'm only seventeen  
 Yea  
 Anyone, who's ever been in love  
 Has got to know, what it means to have a dream  
 And no one can say anything  
 To change my mind, no, not this time  
 Feels good  
 I should  
 Makes me happy  
 And you are it exactly  
 I don't wanna do right, I just want you tonight  
 Not just only in my dreams, 'cause I'm only seventeen

Time to grow up, face responsibility  
Keepin' my heart open  
Seventeen  
I just want you do right  
Only in my dreams  
Only seventeen only seventeen only seventeen  
Yea
