Two

Ron Pope

If you take me back, back to your place I'll try not to bother you, I promise 'Cause it's cold in here and I wish it was hot The sink's broke, it's leaking from the faucet I'm fractured from the fall And I wanna go home But it takes two when it used to take one It takes two when it used to take only one Well, my money's no good when I'm up to no good No good ever comes from it, honest I got a really good heart, I just can't catch a break If I could I'd treat you like you wanted me to I promise But I'm fractured from the fall And I wanna go home I'm fractured when I fall And I wanna go home It takes two when it used to take one It takes two when it used to take one It takes two when it used to take one It takes two when it used to take only one
