

# Hidden Charms

## Howlin' Wolf

Her lips are sweet, her legs are big  
Her looks can make you dance a jig  
Her touch is so soft, her heart is so warm  
What knocks me out is her hidden charms  
Her voice is so soft, her love is so true  
I think about her, that's all I do  
She's weak and wanton in my arms  
What moves me, darling, is your hidden charms  
Hoo-wee, what a baby, hoo-wee, what a baby  
When I hold her in my arms  
Brings out all of her hidden charms  
Her kiss is so pure as the morning dew  
A real gone love that's frightening, too  
Her eyes that talk, they say come on  
What kills me, baby, is your hidden charms  
Hoo-wee, what a baby, hoo-wee, what a baby  
When I hold you in my arms  
Brings out all of your hidden charms
