Under My Skin

UNDER MY SKIN

Music and Lyrics by: Charly Sahona

You've been waiting for her
Like a lonely dog .
But she just cares
When she needs you.
You think she's the one,
When her body talks.
Nowhere to hide,
Here comes the fall of the blind man.
She'll be your baby
Or your mistress.
You think she's a mermaid,
She's nothing else but a piranha.
â€œ You left me in a trance.
You'll never see me sober again.
You killed me and I still cry for you.
My heart's bleeding all day long
As I've got you under my skinâ€•
The world seems so fair and good
Before the final curtain falls down.
