

# Put That Ass To Work

LMFAO

Sexy girl all around the world just shake your hips  
And put that ass to work (x4)When you hear my song, don't just bob along  
Girl show me that thong and put that ass to work  
We got sir rock and patron on ice,  
If you want another shot, then put that ass to work  
Sexy girl I can tell you're a rebel,  
Low cut skirt, with five inch stilettos  
Pink top, piercing with heavy metal,  
And you're looking at me like whip cream on jello  
If you, if you, if you wanna go with me  
You gotta be a pro indeed  
Let me see you shake it til you make it in my phonebook  
And maybe I get you nakedSexy girl all around the world just shake your hips  
And put that ass to work (x4)Don't hurt yourself, imma let you stretch  
Then shake that booty like it was a etch a sketch  
I like you wiggle, when your hips swivel  
Looking so good, got my bang on missile  
heatseeker, coming straght for you  
Meet me in my room, 1422  
Let me see you shake it til you make it in my phonebook  
And maybe I get you nakedSexy girl all around the world just shake your hips  
And put that ass to work (x4)Put that ass to work,  
Put, put that ass to work! (repeats)Sexy girl all around the world just shake your hips  
And put that ass to work (x2)
