

The Backroom

Bap Kennedy

Stay here with me
Let me buy a drink
You're so beautiful
You know I'm right on the brink Well I can't love you
The way you want me to
Just another fool
Who's taking you to
The back room
If I had any sense
I'd be on my way
You're so beautiful
I just have to stay
But I can't love you
The way you want me to
Just another fool
Who's taking you to
The back room
So tell me your tale
How things came to be
And I'll tell you mine
What happened to me
But I can't love you
The way you want me to
Just another fool
Who's taking you to
The back room
Just another fool
Falling for you
In he back room
