

Kiss That I Never Had

Kolohe Kai

It's not so simple
In fact its indescribable
The feelings that we have today
Moving away, made your lips astray
How does our love grow stronger each and every day

It's your voice
It's got me tripping
I can't stop missing, missing you
I just wanna kiss you so bad
The kiss that i never had
Yeah
The kiss that i never had
Oh

My heart stops
When i look into your eyes and why
Do i give it the time by you
What do i do
Finally were about to kiss
Hope i don't miss
Feeling all nervous inside
Feelings that i cannot hide
No longer feelings getting stronger

It's your voice
It's got me tripping
I can't stop missing,missing you
I just wanna kiss you so bad
The kiss that i never had
Yeah
The kiss that i never had
Oh yeah
(all right!)

Ooo maturity held me tight
From knowing whats wrong and knowing whats right
I wanted to hold you
With all of my might
You are my sun and i am your planet

I wish i didn't take you for granted
Times gravity is pulling me away
More and more
Itâ€™s your voice

Itâ€™s got me tripping
I can't stop missing missing you
I just wanna kiss you so bad
The kiss that i never had
Yeah
The kiss that i never had
Oh
The kiss that i never had
