

# Life In the Big City

## Cracker

Life in the big city, let's get dirty now  
Life in the big city, I've got billions, I've got minions  
Dance  
I've got jet planes, my own doctors  
Secret bank accounts in Switzerland I've got Russians in the corner  
Taking care of my worst problems  
I've got women, yeah dominatrix  
But see you in the churchyard Sunday Life in the big city, let's get dirty now  
Life in the big city, wooh! Let's get dirty now  
Life in the big city, wooh! Let's get dirty I've got mansions in the Hamptons  
I've got a high-rise in mid-town Manhattan  
I've got tax breaks in San Francisco  
For the link back into the Mayor's pack I've got think tanks and academics  
Telling you what's good for me is good for you  
I feel better when we get dirty  
See you in the church on Sunday That's life in the big city girl, what did you expect?  
That's life in the big city girl, ain't no boy scouts here  
That's life in the (that's life in the) big city girl (big city girl),  
It ain't pretty  
That's life in the (that's life in the) big city girl (big city girl),  
Ah come on come on come on come on  
Come on come on come on come on Life in the big city, let's get dirty now  
Life in the big city, wooh! Let's get dirty now  
Life in the big city, wooh! Let's get dirty now  
Life in the big city, wooh! Let's get dirty now
