Alsatia

Galneryus

We'll find the path of Alsatia
We'll lose if we don't fight nowNo one can play in the sculpture garden
Petrified faces are watching in the dark
Assimilate yourself in this mystical world
That's all you have to doDay after day, you got tragic situation
Night after night, you tried to break the wall
Fortune is calling you in this mystical world
You'll find a wayCloud in the mists of time
You must take aim and play your game
Emotional neglect is the price that you must pay to your desire
It's Alsatia
You just believe in the lie to forget the awful truth
You know the disturbance never endsThere is no reason to take this process
Resentment will change into sweet desire
You'll run for your life in this mystical world
Beware of the nightCrawl in the mists of time
You must face the wall of the hate
Eternal vigilance is the price that you must pay to your desire
It's Alsatia
You just go against the law, fall into delusion
You know the disturbance never endsCloud in the mists of time
You must take aim and play your game
Emotional neglect is the price that you must pay to your desire
It's Alsatia
You just go against the law, fall into delusion
You know the disturbance never ends
It's Alsatia
You just believe in the lie to forget the awful truth
You know the disturbance never endsWe'll find the path to Alsatia
We'll lose if we don't fight now
