I Heard Ramona Sing

Frank Black

I had so many problems And then I got me a Walkman I really liked it a lot and They walked right in and they solved them They walked right in and they solved themI heard Ramona sing And I heard everything The speed they're traveling They are the only thing RamonaThere were moments in the night It was all right There were moments in the nightI heard Ramona sing And I heard everything The speed they're traveling They are the only thing Ramonal don't care if they're real or they're pseudo Don't care if they get any higher I hope if someone retires They pull another Menudo They pull another Menudo They pull another Menudo They pull another MenudoThere are moments in the night It is all right There are moments in the nightI heard Ramona sing And I heard everything The speed they're traveling They are the only thing
