

Ordinary Day

Emilie Mover

I fall asleep to
your serenade
I wake up to
your saving grace

I see the sun beam
A perfect ray
I wanna send out a gazillion bouquets
I hear the cords that
resinate

Chorus:
Its just another o-o-o-ordinary day
ah-oooo x2

I look from your eyes
down to your lips
i feel it from my toes down to my fingertips

I see the clouds shaped
a sweet array
Chorus
Ah-ooo x2

Refrain:
On sunday afternoon we wake up
to find that snow has fallen down (down)
we should put our winter clothes on
and go walkin' round

And we can sit there
beside the hill
maybe we'll notice that the world is standing still

Some thing may go and
some stay the same

In just another o-o-o-ordinary day
ah-ooo
o-o-o-ordianry day x4
