As We Get Older

Teddy Geiger

And as we get older
People grow colder, people get strange
Sometimes I find myself
Caught between the middle of thingsIf you'll be my angel
I'll be your everything together we'll change
I'll stick to my reasons and make sure you're okay
Connected and all right, tonightI'll be the one to set you free
If you'll always be my girl
You're the one and only thing I needYou'll be the one to set me free
'Cause you'll always be my girl
You're the one and only thing that I, I needNobody told her
People get older, things become strange
As time passes by my window
I notice things never stay the sameI'll be your angel
I'll be your everything together we'll change
I'll stick to my reasons make sure you're okay
Connected and all right, tonightAnd I'll be the one to set you free
If you'll always be my girl
You're the one and only thing I needYou'll be the one to set me free
'Cause you'll always be my girl
You're the one and only thing I need, all rightWe can get older
But don't let me get colder
You don't have to worry 'cause the happy child willI'll be the one to set you free
If you'll always be my girl
You're the one and only thing that I needI'll be the one to set you free
If you'll always be my girl
You're the one and only thing I need that II'll be the one thing that you need
If you'll always be my girl
You're the one and only thing that I need
