## The Haunted

A last minute decision
Lay it all on the line
Glasspipe recollections of antichrist
The nominees all on fireCash money upfront
We're all part of the scam
Dead stars at the end of the rope
A fake miracle to beholdLife is bright
It'll take out your eyes
Burn these lies
Cut away the tiesNinety nine knives inside
Ninety nine, ninety nine
Ninety nine knives insideSeparate the symptoms
From the real disease
A pale ghostlike rendition of consequence
The irony covers the crime[Incomprehensible]
Preeten's giving head in the backroom
A family built on abuseLife is bright
It'll take out your eyes
Burn these lies
Cut away the tiesNinety nine, ninety nine knives
Ninety nine, ninety nine
Ninety nine knives insideLife is bright
It'll take out your eyes
Burn these lies
Cut away the tiesNo one gets out aliveNinety nine, ninety nine
Ninety nine knives inside
Ninety nine, ninety nine
[Incomprehensible]
