seeing now all of you wanna focus  
all the money and swag in the air

everybody know my name in LA  
when i move na only me in my lane  
they see me when i bin dey rock new york  
na we be people wey bin start new york  
oh aaaahhh, G.O.O.D music  
if i never clear road, na who go dey new york  
(Africa to the world)  
omope mo dun gan gan  
uuu, tell me something  
i'm a young African boy, you can't tell me nothing ah  
and i know. what to do  
gonna grab it by the horn so show me the bull  
show me(show me the bull)  
the keys, the cars  
the cars, the bars  
the jets, the cold  
ask God for grace  
so bangerlee ose bragado  
they know me  
i like myself, i'm focused  
i like myself

im focused in the morning  
i like myself  
im focused in the afternoon  
i like myself
