Stop

Plain White T's

There's no need to argue
You think you're always right
I won't even bother
It's just another fight
You always have it your way, but someday
You'll see it's not about how much you pay
Daddy's gonna buy you the world
'Cause that's what you want
But that won't make you happy, baby
It's only gonna drive you crazy
You'll keep on wanting more and more and more
You won't be satisfied
So just stop, stop playin' around
I'm ready to take you home and make it real again
So just stop, stop playin' around
I'm ready to give you the feeling that you've been dying for
You've been dying for
Don't say the word maybe
'Cause it always means no
But I'm keeping my hopes up
That someday you'll grow up
You always have it your way, but someday
You'll see it's not about how much you pay
Daddy's gonna buy you the world
'Cause that's what you want
But that won't make you happy, baby
It's only gonna drive you crazy

All the things you need in life
They're not for sale
So just stop, stop playin' around
I'm ready to take you home and make it real again
So just stop, stop, stop, stop playin' around
I'm ready to give you the feeling that you've been dying for
Come on
You always have it your way, but someday
You'll see it's not about how much you pay
Daddy's gonna buy you the world
'Cause that's what you want

But that won't make you happy, baby
It's only gonna drive you crazy
'Cause everything you need's right here and it's for free
Everything you need's right here and it's little old me
So just stop, stop playin' around
I'm ready to give you the feeling that you've been dying for
So just stop, stop playin' around
I'm ready to take you home and make it real again
So just stop, stop, stop, stop playin' around stop, stop, stop
I'm ready to give you the feeling that you've been dying for
You've been dying for
You've been dying for
You've been dying for
Stop
