No Time to Lose

Lindisfarne

I want to go traveling in your car
Leave all the city behind
Up on the motorway, Scotland's not far
See what we can find

No time, no time to lose
No time, no time to lose

Had more than my share of people giving advice
On the way that my life, it should be
But look at the country man it's looking so nice
Feeling so good to be free

No time, no time to lose
No time, no time to lose

No time, no time to lose
No time, no time to lose

Man, how I love all those wild rolling hills
I feel them inside in my bones
The colors all changing, I swear it's amazing
I feel like I'm flying back home

No time, no time to lose
No time, no time to lose

No time, no time to lose
No time, no time to lose
