Young Hearts

Smokie

Oh
take my love
fly with me the universesearch your soul
baby
make your feelings hurt.
Oh
tears of love are souveniers from paradiseyou stole my heart
see the tears in my eyes.
Touch my heart
baby
my dreams come trueyou are the only one
baby
what can I do ?Young hearts
feeling stronger every daythey are playing to win
girlyoung hearts
heaven's just a sin away
oh
it isn't too late
girl.
If love is just a silly game I don't wanna play this game no moreand if your love will lose the flameI never felt like this before.Oh
I will be there if you ever want me
girltake your chance
meet me in another world.
A town called love
baby
is just a breath awayTake my hand
baby
come and make my day.
Touch my heart
baby
my dreams come trueyou are the only one
baby
what can I do ?Young hearts
feeling stronger every daythey are playing to win
girlyoung hearts
heaven's just a sin away
oh
it isn't too late

girl.
If love is just a silly game I don't wanna play this game no moreand if your love will lose the flameI never felt like this before.Young hearts
feeling stronger every daythey are playing to win
girlyoung hearts
heaven's just a sin away
oh
it isn't too late
girl.
If love is just a silly game I don't wanna play this game no moreand if your love will lose the flameI never felt like this before.Young hearts
feeling stronger every dayjust reach out and touch
girlyoung hearts
heaven's just a sin away
no way
no way
darling.
Young hearts
feeling stronger every day
move on closer to me
girlyoung hearts
heaven's just a sin away
don't lose this flamedon't lose it !
