

# Benzocaine

## Idles

Oh Benzocaine I think it's a crime  
The way you look in your baby's eyes  
You won't see mine  
You won't see mine The memories will stay  
The brain will start to fade  
Bored on (?)  
With God on Benzocaine Oh Benzocaine (?)  
Bleeding gums  
I thought the Benzocaine was supposed to numb  
Supposed to numb  
Oh Benzocaine
