Daddy's Girl

Emilia

Daddy, daddy
Your little girl is really growing up now
And you will see
That my life will be so fineAnd I'm gonna need you even more now
It's hard to be a woman sometimes
Daddy, daddy
Needing you is naturalAnd when you're down and low
Then I will be there
'Cause you can trust in me
I'll be there for youI'll always be my daddy's girl
'Cause that is the way it was meant to be
I'll always be my daddy's girl
'Cause that is the way it was meant to beDaddy, daddy
You've been calling me too many times now
Why can't you see
That I have my own life?But I still love you even stronger
Only if it is in another way
Daddy, daddy
Needing you is naturalAnd when you're down and low
Then I will be there
'Cause you can trust in me
I'll be there for youI'll always be my daddy's girl
'Cause that is the way it was meant to be
I'll always be my daddy's girl
'Cause that is the way it was meant to beAnd I'll always be my daddy's girl
'Cause that is the way it was meant to be
And I'll always be my daddy's girl
'Cause that's the way, and that's the way it was meant to beOoh, ooh, yes, naa
(Daddy's girl)
'Cause that is also natural
Ooh, ooh, yes, ooh, ooh, my
(Daddy's girl)
That is what I'll always be
Oh, my daddy's girl
