Kids In America

Naked Aggression

Here cums the naked kids of america,and they bring all of the other kids from
The cuntries and fuck them all day and all night long.So don't give a gun to the one with a big one, but give it to me and I will
Make them cry and pee,so they know my name is unknown to grownups,but kids know
Who I am when I fuck'em up their bum.Here cums the naked kids of america
Here cums the
Here cums the
Here cums the naked kids of america
We're kids of america
We're kids of america
We're kids of america
We're kids of america
We're kids of america.(rude remix of kids in america and please send it to dr. dre)....
