New Friend

Good Amount

I got a new friend
He's waving 'Hello'
See he comes like a snail, like a comet tail then he goes
Say 'Hello' to my new friend
From my head to my toes
Oh my, he's filling me up with all these things he knows
Can you hear him singing along?
Do you hear him singing along?
Can you hear
Can you hear what he's saying?
In love with my new friend
Ah, he's good to the eye
So fine
Just a little glint and you will be blind
Say goodbye to your old friends
They're just a week or so old
They wave ....
Can you hear him singing along?
Do you hear him singing along?
Can you hear
Can you hear what he's saying?
Can you hear him singing along?
Are you picking out the words of his song?
Can you hear
Can you hear what he's saying?
He wants to sing it
to sing it
to sing it again!

He wants to sing it and
sing it
to sing it again!
He wants to sing it and
sing it and
sing it forever more!
He wants to sing it
to sing it
to sing it again!
He wants to sing it and

sing it
to sing it again!
He wants to sing it and
sing it and
sing it forever more!
Can you hear him singing along?
Can you hear him singing along?
Can you hear
Can you hear what he's sing?
Can you hear him singing along?
Are you thinking of the words of his song?
Can you hear
Can you hear what he's saying?
Can you hear
Can you hear what he's saying?
I love to sing
I got a new friend
He's waving 'Hello'
See he comes like a snail, like a comet tail then he goes
