

As Above, So Below

Tom Tom Club

Hold the symbol to your forehead
Close your eyes
Call the spirit of the symbol
Come to meCall the symbols of the golden age
One by one
Call the water, fire, air and earth
Come to meAs above, so below
As above, so below
As above, so below
As above, so belowAs above, so below
As above, so below
As above, so below
As above, so belowBehold the door appears before you
Walk on through
Observe the doorway now behind you
Look aheadCall the spirit of the symbol
Come to me
Allow the deity to guide you
Follow meAs above, so below
As above, so below
As above, so below
As above, so belowAs above, so below
As above, so below
As above, so below
As above, so belowAs above, so below
As above, so below
As above, so below
As above, so belowAs above, so below
As above, so below
As above, so below
As above, so belowAs above, so below
As above, so below
As above, so below
As above, so belowA web of thought of tangled vision
Humanity
Tear away the veil before me

Set me free
Tales to picture that you give to me
Memory
Tear away the minds that bind me
Liberty
As above, so below
As above, so below
As above, so below
As above, so below
As above, so below
As above, so below
As above, so below
Thank the spirit of the symbol
Once you see
Raise your finger to your lips now
Sign of Silence
Find the doorway of the symbol
Pass on through
Find the doorway of the symbol
Pass on through
As above, so below
As above, so below
As above, so below
As above, so below
