

# As Above, So Below

## Tom Tom Club

Hold the symbol to your forehead  
Close your eyes  
Call the spirit of the symbol  
Come to me Call the symbols of the golden age  
One by one  
Call the water, fire, air and earth  
Come to me As above, so below  
As above, so below  
As above, so below  
As above, so below As above, so below  
As above, so below  
As above, so below  
As above, so below Behold the door appears before you  
Walk on through  
Observe the doorway now behind you  
Look ahead Call the spirit of the symbol  
Come to me  
Allow the deity to guide you  
Follow me As above, so below  
As above, so below  
As above, so below  
As above, so below As above, so below  
As above, so below  
As above, so below  
As above, so below As above, so below  
As above, so below  
As above, so below  
As above, so below As above, so below  
As above, so below  
As above, so below  
As above, so below As above, so below  
As above, so below  
As above, so below  
As above, so below As above, so below  
As above, so below  
As above, so below  
As above, so below A web of thought of tangled vision  
Humanity  
Tear away the veil before me

Set me free Tales to picture that you give to me

Memory

Tear away the minds that bind me

Liberty As above, so below

As above, so below

As above, so below

As above, so below As above, so below

As above, so below

As above, so below

As above, so below Thank the spirit of the symbol

Once you see

Raise your finger to your lips now

Sign of Silence Find the doorway of the symbol

Pass on through

Find the doorway of the symbol

Pass on through As above, so below

As above, so below

As above, so below

As above, so below
