

Laziest Perfectionist

The Design

Hey, congratulations
You are the laziest perfectionist
Hey, its a revelation
Eventually youre gonna learn to live with it
And I know you never thought youd get this far
And its just about time to raise the bar

Pre-chorus:
So go
Go
Dont slow
Because this only happens once
And you know if you slow
Well you might just lose it all
Hey, its a celebration
Because everybody loves the rehabilitated
Oh, yeah, I know you hate it
And you struggle to make sure the days not wasted
And youre looking at the canvas mighty white
And you know that your low has reached a brand new height

(Pre-chorus)
Chorus:
You are the laziest perfectionist
You are the laziest perfectionist
(When are you gonna wake up?)
You are the laziest perfectionist
You are the laziest perfectionist
(When you cant even make your mind up?)
You are the laziest perfectionist
You are the laziest perfectionist
Hey, congratulations
You are the laziest perfectionist
Hey, its a revelation
Eventually youre gonna learn to live with it

(Pre-chorus)
(Chorus)
