

# My Ocean Blue

## Kara's Flowers

I once heard captain Dan tell me a story  
About this lovely girl who's name was Jane  
She was vast and deep and filled with glory  
AhhBottom served as home for hull and anchor  
She's always fit to quarrel with the wind  
The great Titanic, yes, it's she that sank her  
AhhThen she heard me  
Say that oath that  
Made everything clearI love you, my ocean blue  
I like the way your sea sees me  
My darling, Jane  
She speaks to me at times through falling rainNow it's time to manifest her vigor  
Was she fit to quarrel with the wind?  
The air was strong but Jane, she was much bigger  
AhhThen she heard me  
Say that oath that  
Made everything clearI love you, my ocean blue  
I like the way your sea sees me  
My darling, Jane  
Oh me, my darling, Jane  
Oh me and my darling, Jane  
She speaks to me at times through falling rain  
Speaks to me at times through falling rain
