

Return to Hangar

Megadeth

Welcome to an empty fortress
A mighty wreck that once was proud
Ate alive by oxidation
Abandoned by a crew of cowardsNavigation systems failed
Computers crashed and they all fall down
Possibly I've seen too much
Hangar 18, I know too muchAll the guilty paid the price
Suspended by their broken necks
No one survived to tell the story
When foreign life forms resurrectAnd military intelligence
Is still two words that can't make sense
Possibly I've seen too much
Hangar 18, I know too much
