

Already There

Casting Crowns

From where I'm standing
Lord it's so hard for me to see
Where this is goin
And where You're leading me
I wish I knew how
All my fears and all my questions
Are gonna play out
In a world I can't control Oh, woah When I'm lost in the mystery
To You my future is a memory
Cause You're already there
You're already there
Standing at the end of my life
Waiting on the other side
And You're already there
You're already there woah, woah, woah, woah From where You're standing
Lord, You see a grand design
That You imagined
When You breathed me into life
And all the chaos
Comes together in Your hands
Like a masterpiece
Of Your picture perfect plan
When I'm lost in the mystery
To You my future is a memory
Cause You're already there
You're already there
Standing at the end of my life
Waiting on the other side
And You're already there
You're already there One day i'll stand before you
And look back on the life I've lived
I can't wait to enjoy the view
And see how all the pieces fit
One day I'll stand before you and
Look back on the life I've lived
I can't wait to enjoy the view
And see how all the pieces fit
One day I'll stand before you
Look back on the life I've lived

Cause You're already there
You're already there
When I'm lost in the mystery
To you my future is a memory
Cause you're already there
Already there
Standing at the end of my life
Waiting on the other side
And you're already there
You're already there You're already there
