Back In The Night

Dr. Feelgood

Back in the night, I lay down by your fireside
Back in the night, you shook me like a landslide
I nearly missed the early shift
Dreamin' in the mornin' 'bout the things we didBack in the night
Back in the night
Back in the night
Back in the night
Beneath your love lightI woke up on the floor, I asked you for some breakfast
You shoved me out the door, I jumped on to the late bus
I got to smile, I like your style
You put me out this mornin' but you know that I'll beBack in the night
Back in the night
Back in the night
Back in the night
Beneath your love lightThe day drag by so slow, I feel just like I'm dyin'
Stop work whistle blow and then I start revivin'
Across your yard, beneath the stars
I made it through another day and here we areBack in the night
Back in the night
Back in the night
Back in the night
Beneath your love light
