

Horse and Rider

Steve Miller Band

Like a horse and rider (Like a horse and rider)

Like a midnight flyer (Like a midnight flyer)

I'm coming to you, coming to you

And there's nothing pretty baby that I wouldn't rather do
Look outside your window, look into the night
Hold on to your heart now darling, I'll be there in the morning light
Like a horse and rider (Like a horse and rider)

Like a midnight flyer (Like a midnight flyer)

I'm coming to you, coming to you

And there's nothing pretty baby that I wouldn't rather do
Look outside your window, look into the night
Hold on to your heart now darling, I'll be there in the morning light
Like a horse and rider
Like a horse and rider
(Like a horse and rider)

Like a horse and rider (Like a midnight flyer)

Like a midnight flyer

Like a midnight flyer
