Follow Me In Grace

Heather Nova

Dive in to a life
Fall in to the green
Out with my breath
Bursting unseen
Cradle you rock
Hold me in the deep
We all are lost
Searching and free
And to the little hearts
Hardly spoken
And to the wild hearts
Always fierce
Life, I don't know your ways
Life, follow me in grace

Crack in my voice
Where did you go
We've got no choice
Chariots swing low
And to the little hearts
Hardly spoken
And to the wild hearts
Always fierce
Life, I don't know your ways
Life, follow me in grace
Life, I don't know your ways
I will make mistakes
So follow me in grace
So follow me in grace
So follow me in grace
