

# Follow Me In Grace

Heather Nova

Dive in to a life  
Fall in to the green  
Out with my breath  
Bursting unseen  
Cradle you rock  
Hold me in the deep  
We all are lost  
Searching and free  
And to the little hearts  
Hardly spoken  
And to the wild hearts  
Always fierce  
Life, I don't know your ways  
Life, follow me in grace

Crack in my voice  
Where did you go  
We've got no choice  
Chariots swing low  
And to the little hearts  
Hardly spoken  
And to the wild hearts  
Always fierce  
Life, I don't know your ways  
Life, follow me in grace  
Life, I don't know your ways  
I will make mistakes  
So follow me in grace  
So follow me in grace  
So follow me in grace
