

USA (1984)

Reagan Youth

In U.S., A's for apathy
Not bullshit democracy
Red white and blue is all you see
But does it mean you're really free?In U.S., A's for anarchy
Not bullshit democracy
I want total liberty
I want peace and anarchyThey tell us how to act and be
Well what they meant was slavery
With standards and authority
How can you think you're really free?In U.S., A's for anarchy
Not bullshit democracy
I want total liberty
I want peace and anarchyDo what you want be what you be
Don't fall for their hypocrisy
Open you mind! Wake up and see!
True freedom is anarchy!In U.S., A's for anarchy
Not bullshit democracy
I want total liberty
I want peace and anarchy!
