Fuck this Band

mclusky

Fuck this band
And their demon seed
'Cos if they burst out
You're responsibleYeah, fuck this band
'Cos their clothes don't fit
But their dancing clowns
Are incredibleKeep your passport near
There is no other disappointment here
There is no other disappointment here
There are no other obstaclesFuck this band
'Cos they swear too much
It's an obvious ploy
And irresponsibleFuck this band
Yeah, fuck their holes
But if they split up
You're responsibleKeep your passport near
There is no other disappointment here
There is no other disappointment here
There are no other obstaclesFuck this band
And their foolish pride
Which lets them think
They can get away with this
