

Which Side Are You On?

Ani DiFranco

They stole a few elections
Still we the people won
We voted out corruption and
Big corporations We voted for an end to war
New direction
We ain't gonna stop now
Until our job is done Come on all good workers
This year is our time
Now there some folks in Washington
Who cares what's on our minds Come one-come all voters
Let's all vote next time
Show 'em which side are you on now
Which side are you on? Which side are you on now?
Which side are you on?
Which side are you on now?
Which side are you on? Which side are you on now?
Which side are you on?
Which side are you on now?
Which side are you on? 30 years of diggin'
Got us in this hole
The curse of reaganomics
Has finally taken it's toll Lord knows the free market
Is anything but free
It costs dearly to the planet
And the likes of you and me I don't need those money lenders
Suckin' on my tit
A little socialism
Don't scare me one bit! We could do a whole lot worse
Than Europe or Canada
C'mon Mr. President
C'mon Congress, make the law Which side are you on now?
Which side are you on?
Which side are you on now?
Which side are you on? They say in Orleans parish
There are no neutrals there
There's just too much misery
There's too much despair America, who are we?
Now our innocence is gone
Which side are you on now?

Which side are you on? Too many stories written
Out in black and white
C'mon people of privilege
It's time to join the fight Are we living in the shadow of slavery
Or are we moving on?
Tell me which side are you on now?
Which side are you on? Which side are you on, boys?
Which side are you on?
Which side are you on, boys?
Which side are you on? Which side are you on, boys?
Which side are you on?
Which side are you on now?
Which side are you on? My mother was a feminist
She taught me to see
That the road to ruin is paved
With patriarchy So, let the way of the women
Guide democracy
From plunder and pollution
Let mother earth be free Feminism ain't about women
No, that's not who it is for
It's about a shifting consciousness
That'll bring an end to war So listen up, you fathers
Listen up, you sons
Which side are you on now?
Which side are you on? Which side are you on now?
Which side are you on?
Which side are you on now?
Which side are you on? So are we just consumers
Or are we citizens?
Are we gonna make more garbage
Or are we gonna make amends? Are you part of the solution
Or are you part of the con?
Which side are you on now?
Which side are you on?
