

# New Dimension (Soulmagic Classic)

## Imagination

Everywhere I go I just see faces touched by the crying winter wind.  
All kinda trouble only traces  
Circles of life we're moving in.  
Here am I lost in a world without a chance.  
Your prisoner - just snap your fingers and I'll dance.  
The patterns in your eyes when you come alive They never can disguise the way I feel inside.  
Caught in the middle of a new dimension  
Walking  
Talking  
One direction Can't be such a revelation  
Captivates a generation.  
You tease and play with my emotions  
You want to take control of me.  
You'll never capture my devotion  
I'm here forever finally.  
The more I show the more I'm fighting That's how I know that it's the right thing.  
Caught in the middle of a new dimension  
Caught in the middle of a new dimension... The patterns in your eyes when you come alive... Caught in the  
middle of a new dimension... Caught in the middle of a new dimension... Caught in the middle of a new  
dimension...
