

# Estella

Osamu Kubota

Estella steps in silence  
Her every movement caught  
Encased in gilded memory Here it comes again  
Anticipation racing through me  
Thrilling with emotion  
You still me Estella, Estella you  
You're missing all you see  
I'm missing you Estella, Estella you dream  
You're missing all you see  
I'm missing you Estella moves in shadows  
Her every whisper caught  
Exhale and draw it in again When everything gets lost in the twilight  
I'll be waiting  
You keep me guessing  
You enigma, you dream Estella, Estella you  
You're missing all you see  
I'm missing you Estella, Estella you dream  
You're missing all you see  
I'm missing you my sweet Wide eyed, weak kneed  
Stare me through my soul  
You pierce me I know, we need  
Nothing short of holding, nothing back  
Come down to me  
And I'll show you, you mean worlds to me, you do Fare thee well, my love  
The last time in a whisper  
She whispered back Fare thee well, my love  
Believe me when I say  
I love you madly, deeply always Estella, Estella you  
You're missing all you see  
I'm missing you Estella, Estella you dream  
You're missing all you see  
I'm missing you
