Rocket City

Toilet Boys

Thinking I'll fly away
or take a long drive
and I won't stop
until I reach the other side.
And get lost losing myself
in the northern sky, yeah.So save tonight,
but tomorrow here won't be alright
so I'll take off tonight.
And risk a fall
and say goodbye...
Goodbye.When I fall, don't forget me.
When I fall, don't forget me.
When I fall, don't forget me.
When I fall, don't forget me.If I stay here, I'll be dying forever.
If I stay here, I'll be dying forever.
(Losing everything that I know.)Well I'm not scared to fly
I just need golden wings
the kind that'll burn in the sky
And knock the stars down to die.
And knock the stars down to die.When I fall, don't forget me.
When I fall, don't forget me.
When I fall, don't forget me.
When I fall, don't forget me.If I stay here, I'll be dying forever.
If I stay here, I'll be dying forever.
(Losing everything that I know.)(If I stay here, I'll be dying forever.)[echos out]
