

# December Sun (Acoustic Version)

## Avastera

It's 5PM on a summer Sunday and I'm a witness to a wonder of this world.(V1)

From your brightest day to your darkest night I've seen it all. With the weight of the world on our shoulders  
we'd never fall.

These sun-heated footpaths trigger memories of bliss, yet our hideaway, lit by stars, shows a picture-perfect  
moment.(Pre-Chorus)

Therefore this I know, by day or night, by drunk or sober, I was born for you.(Chorus)

And it's 5PM on a summer Sunday and I'm a witness to a wonder of this world,  
and I'm leaving for now, but I'll run back tonight  
because I know I won't ever love again after you.(V2)

We fall asleep in your room and it's a sense of perfection. No-one else exists on this side of the door. So can I  
make this Heaven my home? There just won't be more perfect timing or a lasting impression like you.(Pre-  
Chorus)

Therefore this I know, from day by day, year from year, I won't forget you.(Chorus)

And it's 5PM on a summer Sunday and I'm a witness to a wonder of this world,  
and I'm leaving for now, but I'll run back tonight  
because I know I won't ever love again after you.(Bridge)

So, please, tell me now, will I see that sun again?, and don't tell me how to fall in-love again.

Stop lying to yourself - don't say this isn't meant to be. Stop trying to convince yourself that this isn't meant to  
be.(Chorus)

And it's 5PM on a summer Sunday and I'm a witness to a wonder of this world,  
and I'm leaving for now, but I'll run back tonight  
because I know I won't ever love again after you.
