

# Don't Want It All

## Nirvana

To hope is admittance  
Feed before beginning  
Double-sided cynics  
Reflected imageDon't be so selfish  
Leave in me this  
Follow it far, to find where you are  
You haven't grown, go on aloneNever finished his sentence  
Remained in seclusion  
For the next few days  
The family circle nooseHe had removed us  
All the styles of heresy  
Finally he appeared unexpectedly  
Looking for company
